INTRODUCTION

Welcome to TQUK End-Point Assessment

TQUK is the fastest growing Awarding Organisation across the UK and an approved End-Point Assessment Organisation (EPAO). Since April 2017, TQUK has been approved to deliver end-point assessment services for a range of apprenticeship standards including those within the Hospitality and Healthcare sectors. We were the first EPAO to successfully pass apprentices on the new Hospitality Team Member, Commis Chef and Adult Care Worker apprenticeship standards and we have not looked back since.

End-Point Assessment is one of the biggest apprenticeship reforms in recent times and we have been working hard to understand every element to the new process to ensure that your apprentices exceed through their apprenticeship and pass their end-point assessment with flying colours. Now that we have been through the process from start to finish and passed apprentices on the new standards format, we have the knowledge and expertise to guide any and all apprentices through end-point assessment.

With a wealth of training and support resources, expert EPA advice and guidance, black and white fees and a dedicated team behind the wheel. Why wouldn't you want to EPA with TQUK? **It's everything you want it to be.**

Kelle McQuade
Head of End-Point Assessment Organisation,
Training Qualifications UK

Why the Bee?

We wanted to create a brand new strand to the business which operates independent of our AO structure – thus, we needed an identity. What is our identity? Who is TQUK? A Manchester based Awarding Organisation now delivering End-Point Assessment; **Manchester based, Manchester born, Manchester proud.**

The idea and reasoning for using the bee symbol was strong after events in the city in 2017. We read further into the history of the bee and its significance with the city of Manchester. Representing everything that is good about where we come from. First appearing on the Salford coat of arms, the bee was adopted as a motif for Manchester during the Industrial Revolution symbolising the 'hive of activity' in the 19th century and the hard working Mancunians at the time. **The TQUK EPA 'bee' logo was born.**

COMMIS CHEF

THE STANDARD

Many culinary careers begin with an apprenticeship. As training progresses, and skills and behaviours are learned, apprentices begin to take on new experience and confidence. Within an environment that incubates in their formative years, great works of gastronomy are born.

The Commis Chef is the most common starting position in a kitchen. They prepare food and carry out basic tasks while soaking in their environment and learning trade techniques from a senior chef. While each journey will vary from person to person, it is important to understand the basics of cooking to create a solid foundation on which the apprentice can grow and evolve through their career.

ASSESSMENT PLAN

The synoptic end-point assessment will consist of four equally-weighted **components**. In order to pass the apprenticeship, the apprentice is required to pass each component.

Practical Observation	<p>The practical assessment is an observation of the apprentice in the kitchen environment and must include customer interaction. During the three hour observation, the apprentice should have the opportunity to demonstrate competence in preparation, cooking service of dishes in order to best demonstrate how they have applied their knowledge, skills and behaviours in a real-work environment to achieve genuine and demanding work objectives. Culinary Challenge	<p>The apprentice will use the Culinary Challenge to display both precision and creativity. This is a two-hour observation in a controlled environment and involves the production of a two-course meal in two hours from the organisation's menu. The apprentice will discuss and agree on the dishes with the independent End-Point Assessor at the first meeting and they will prepare a full recipe with time plan prior to assessment. Distinction = 3/Pass = 1</p>

Professional Discussion	<p>In the concluding assessment element, the End-Point Assessor leads a 40-minute discussion with the apprentice; this includes 10 minutes to review recipe logs. The Professional Discussion is a structured discussion between the apprentice and their independent End-Point Assessor. The employer will be present at this discussion to provide further examples and support (but not lead) the apprentice. The employer in no way scores the discussion. Distinction = 2/Pass = 1</p>

ASSESSMENT PLAN

The synoptic end-point assessment will consist of four equally-weighted **components**. In order to pass the apprenticeship, the apprentice is required to pass each component.

Summative Portfolio	The Summative Portfolio provides evidence against the totality of the standard, based on the application of knowledge, competence and behaviours to real work projects in the work environment. This is key to ensure the validity of the final assessment decision.
Synoptic Project	The Synoptic Project provides evidence against a selected set of knowledge, competencies and behaviours against a pre-defined project undertaken in a controlled environment. This is key to ensure consistency and comparability, increasing the accuracy of the assessment decision.
Employer Reference	The Employer Reference provides the employer's perspective on how the apprentice has performed in the workplace and how they have applied their knowledge, competencies and behaviours in work projects.
Interview	The Interview component to the End-Point Assessment provides an opportunity for further evidence to be gathered and/or evidence to be explored in more detail against any of the knowledge, competence or behaviours. This also increases accuracy and validity.

ASSESSMENT PLAN

The synoptic end-point assessment will consist of three equally-weighted **components**. In order to pass the apprenticeship, the apprentice is required to pass each component.

Work Based Project	The 5,000-word work-based project will be based on work the apprentice has carried out after the gateway. The End-Point Assessment Organisation (EPAO) will provide a list of topics for the work-based project for the apprentice to select from. The topic/title will be, designed to allow the apprentice the opportunity to evidence all of the KSBs mapped to this assessment method. The list of topics/ titles must be maintained by the EPAO to prevent predictability and must allow it to contribute to the employers business. The apprentice will have 10 weeks to complete the project.
Presentation	A 10 minute (+10% at the discretion of the independent assessor in order to provide scope for an apprentice to demonstrate their full abilities) presentation, plus a 15-minute (+ 10% again at the discretion of the independent assessor), question and answer session. The independent assessor will provide a brief to the apprentice at the gateway to explain how the presentation should be structured whilst it must be delivered verbally, either face-to-face or via video conference, and may also include reference to physical material or digital content. Where content is referenced, copies of this must be provided to the independent assessor at least 2-weeks prior. The presentation should take place immediately prior to the professional discussion.
Professional Discussion	A professional discussion between the apprentice and the independent assessor will also be used to ensure the apprentice has met the knowledge, skills, behaviour requirements of the standard. The professional discussion will be informed by the portfolio of evidence that will be used by the independent assessor to inform their approach to the discussion, and by the apprentice as a source of evidence to help support their responses. The professional discussion should last for 50 minutes (+10% at the discretion of the independent assessor).

ASSESSMENT PLAN

The synoptic end-point assessment will consist of two equally-weighted **components**. In order to pass the apprenticeship, the apprentice is required to pass each component.

<p>Practical Observation</p>	<p>The practical observation element of the end-point assessment will be carried out over approximately 2 hours with the Question and Answer session lasting around 15 minutes, taking place at the end of each observation. The observation is required to take place within the individual's workplace and they should be allowed to move around the organisation in an effort to demonstrate the key Skills, Behaviours and Knowledge learnt during their apprenticeship. This will help the assessor to establish whether the apprentice has achieved their apprenticeship and work objectives. The aim of the additional question and answer session is to allow the independent assessor to ask any follow-up questions relating to any partially demonstrated Skills, Behaviours and Knowledge during the observation in order to provide additional assurance. Pass/Distinction</p>
<p>Professional Discussion</p>	<p>The professional discussion assessment component will be a structured discussion between the apprentice and the independent assessor, following the practical observation, to establish the apprentice's understanding and application of the Skills, Knowledge and Behaviours. The required portfolio of evidence should be given to the assessor approximately two weeks prior to the discussion taking place and, although this is not assessed, it will enable the assessor to form the basis of and prepare for the professional discussion. The discussion itself will last for a duration of 90 minutes whilst the portfolio of evidence should be completed during the on-programme learning and contain a minimum of 10 pieces of evidence. EARLY YEARS EDUCATOR (COMING SOON)

ASSESSMENT PLAN

The synoptic end-point assessment will consist of two equally-weighted **components**. In order to pass the apprenticeship, the apprentice is required to pass each component.

<p>Knowledge Test</p>	<p>An effective way of accessing the associated knowledge and skills for the Early Years Educator standard is via a knowledge test. As there is a substantial quantity of theories, psychological practices and safeguarding knowledge to test and assess before competence can be confirmed, the knowledge test will last for 60 minutes and contain 35 multiple choice questions.</p> <p>The test can be either computer or paper-based.</p>
<p>Professional Discussion (Underpinned with Portfolio)</p>	<p>The Professional Discussion will be appropriately structured to draw out the best of the apprentice's competence and excellence and cover the Knowledge, Skills and Behaviours assigned to the assessment method. The Professional Discussion will allow the apprentice to evidence both the knowledge gained and its application through skills and behaviours. The discussion will allow the assessor to thoroughly test understanding through open and follow up questions.</p> <p>The underpinning portfolio which is required to accompany the Professional Discussion will include naturally-occurring evidence, and will help the assessor to question and analyse against the KSBs. The apprentice will be required to submit 10-12 pieces of evidence in total.</p> <p>The independent assessor will conduct and assess the professional discussion which must last for 90 minutes (+/- 10%). If further time is needed, it may be granted for apprentices with appropriate needs, for example where signing services are required.</p>

With changes swirling around the new apprenticeship provisions, end-point assessment (EPA) and other areas, we thought we'd take a moment to expand on something a lot of people seem to be confused about: funding bands.

What are funding bands?

The government's new Trailblazer-led apprenticeship standards have been redesigned from the ground up by employers in various sectors. Regulated qualifications, to employers, were unsatisfactory, and the new Trailblazer apprenticeship standards will more closely meet the needs of the employers, since the employers themselves designed them. 400 standards have been developed in areas as widely varied as Adult Care Worker, Hospitality Supervisor, Mortgage Adviser, Commis Chef and Rail Engineering Technician.

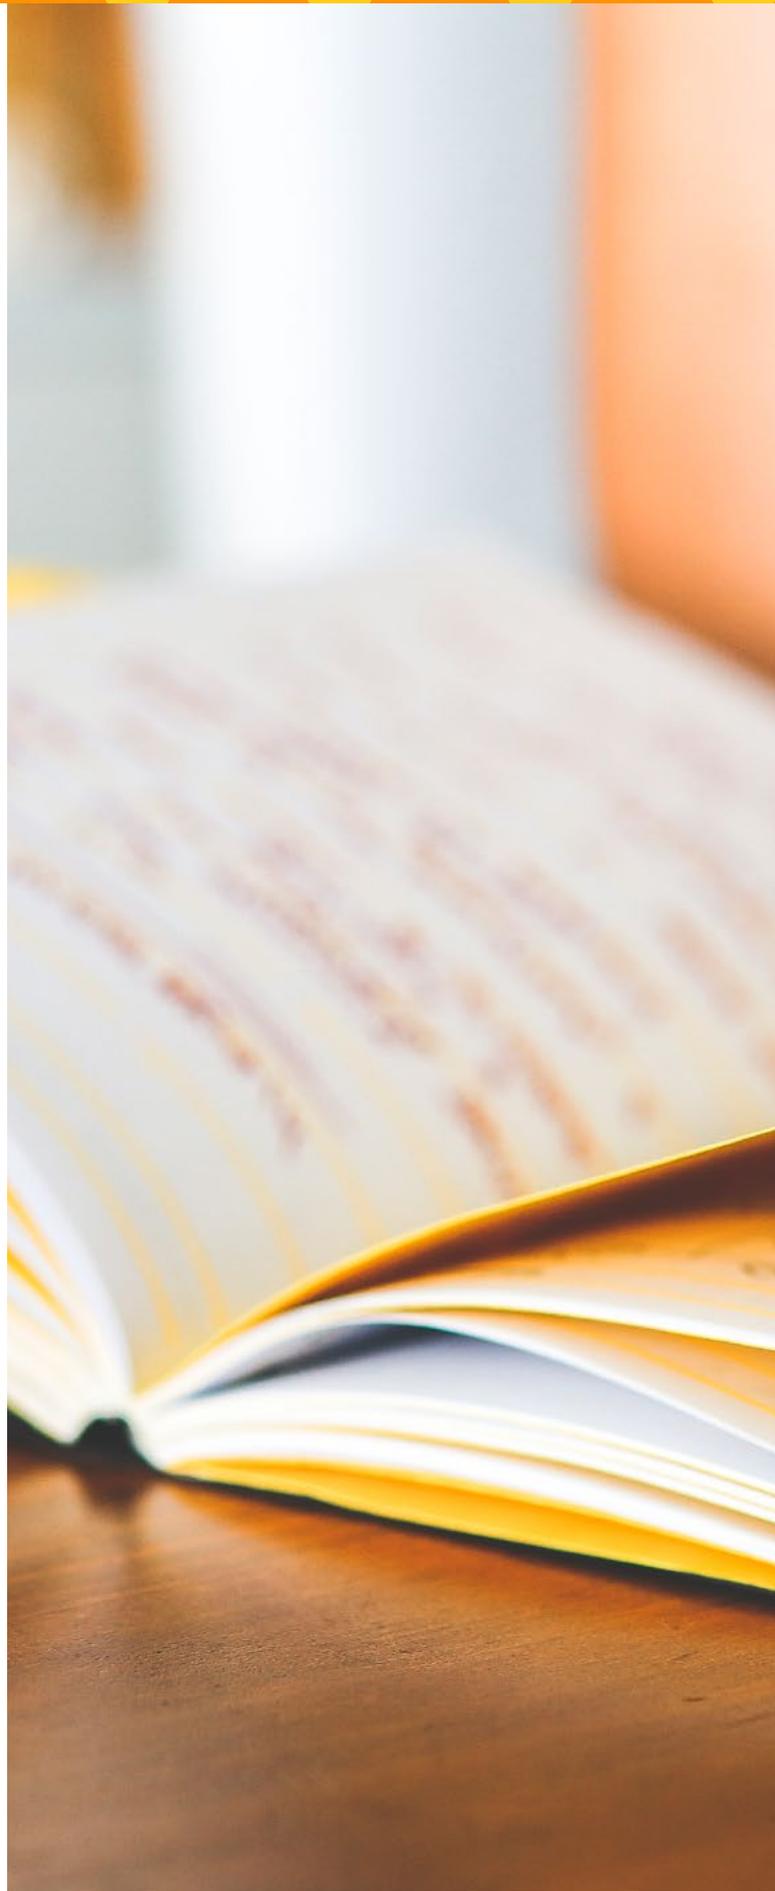

Where does the funding come from?

The delivery of training and assessment of these standards will be mostly funded by the government (with some exceptions). For organisations that pay the government's new Apprenticeship Levy, and for all other organisations after 2018, the government will be funding apprenticeship training and assessment for all apprentices.

What is the maximum amount?

The amount of money is allocated to each standards. It falls into one of 15 bands, ranging from £1,500 to £27,000.

For more information please go to the Education and Skills Funding Agency page on funding bands [here](#).
