

LEARNING AND SKILLS TEACHER

£ Funding Band: 13 (£10,000) **🕒 Duration:** 24 months **📊 Level:** 5 **★ LARS:** 402 **🏷️ Standard N°:** ST0149

1. THE APPRENTICESHIP

The Learning and Skills Teacher (LST) is a 'dual-professional', having first achieved competence in a vocational or subject specialism and then subsequently trained as a teacher. This means that many teachers in the Education and Training Sector (ETS) begin teaching as a second, or even later, career. The Learning and Skills Teacher role is pivotal to the success of traineeship and apprenticeship programmes in delivering effective vocational education and training that meets both learners' and employers' needs.

In the Learning and Skills Teacher apprenticeship, Apprentices will teach young people and adults within all parts of the ETS, including work-based/independent training provision; further, adult and higher education; offender-learning; and the voluntary sector.

2. ON-PROGRAMME

The Apprentice must have completed all on-programme elements in order to begin End-Point Assessment:

TQUK Level 5 Diploma in Education and Training
(or equivalent)

20% Off-the-Job Training

Functional Skills*
Level 2 English and Maths

Level 2 Safeguarding

3. GATEWAY

In order to enter the Gateway phase, the Apprentice will need to have achieved all the relevant Knowledge, Skills and Behaviours set out in the Apprenticeship Standard. After a meeting between the Apprentice, Employer and Training Provider, it will be the Employer's decision to place an Apprentice through End-Point Assessment.

The Apprentice must have completed all on-programme elements in order to begin End-Point Assessment.

Resources

Training Qualifications UK has developed a range of resources for this Apprenticeship Standard to help the On-Programme Assessor and Apprentice to understand and complete Gateway and each End-Point Assessment component.

Functional Skills*

All Level 3 or higher Apprenticeship Standards require the Apprentice to have successfully completed Level 2 Functional Skills in both English and maths qualifications (or equivalent) in order to progress through Gateway to undertake End-Point Assessment.

As an End-Point Assessment Organisation (EPAO), Training Qualifications UK is required to see evidence of an Apprentice completing the relevant Functional Skills qualification assessments where necessary in order to verify Gateway requirements have been met. To find out what evidence Training Qualifications UK will accept for this Apprenticeship Standard, see our **Level 3 or Higher Apprenticeship Functional Skills guidance** on Verve EPA under the Support Materials.

4. END-POINT ASSESSMENT

The synoptic End-Point Assessment will consist of **two** components. In order to pass the apprenticeship, the Apprentice is required to pass each component:

Professional Discussion

To support this assessment, the Apprentice will produce a 4,500-word (+10% variance) Thematic Case Study and a 20-minute (+10% variance) Online Presentation.

The Professional Discussion is a two-way discussion between the Apprentice and their End-Point Assessor. The End-Point Assessor will prepare 15 questions for the Apprentice, related to the six themes assigned to this assessment method, and contextualised to the Apprentice's Thematic Study and Online Presentation.

The Professional Discussion will last 60 minutes (+10% variance).

★ Pass

Teaching Observations

Two genuine teaching sessions will be observed by the End-Point Assessor. Each observation will last 60 minutes (+10% variance), creating a total observation time of 120 minutes (+10% variance).

A 20-minute (+10% variance) question and answer session will take place following the second observation. The questions asked will clarify aspects of the observations and explore the Knowledge, Skills and Behaviours that were unable to be fully demonstrated naturally during the observations.

★ Distinction, Pass

5. GRADING

Once the **two** assessment components are completed, the Apprentice will be provided with an overall grade for their apprenticeship using the following grading table:

6. APPRENTICESHIP CERTIFICATION

Once the End-Point Assessor verifies the Apprentice has successfully completed all the End-Point Assessment components, Training Qualifications UK will initiate the certification process. Working with the Education & Skills Funding Agency, we will ensure the Apprentice receives their certificate in recognition of completing their apprenticeship.

Progression: With the employer's approval, the Learning and Skills Teacher could progress onto curriculum/training leadership roles following an adequate period of experience teaching at this level, within the sector.

7. OCCUPATIONAL COMPETENCE

On completion of this apprenticeship, the Learning and Skills Teacher will have all the Knowledge, Skills and Behaviours required to confidently teach in their chosen field.
