

Job Description:

Expert Subject Advisor

Contract work/ Associate role

Location: Home based/ Nationwide

Reports to: EPA Delivery Manager/ Standard EPA Lead

Overview

As an element of the Learning and Skills Teacher Apprenticeship Standard End-Point Assessment, a Subject Advisor may be required to provide support throughout the End-Point Assessment. This support would be provided to the End-Point Assessor, should they not be a subject/sector specialist in the Apprentice's teaching area. The role of the Subject Advisor is to notify the End-Point Assessor if any sector or specialist principles and practices are inappropriate or questionable.

We are looking for a range of subject advisors who can provide current and relevant expertise in the following areas:

- Animal Management
- Horticulture
- Digital Skills/ Game Design
- Adventure Sports
- Construction
- Fabrication and welding
- Engineering
- Agriculture
- Performing Arts
- Creative arts/media
- Electrical
- Manufacturing

- Food/Bakery
- Plastering
- Plumbing
- Nursing

Key responsibilities

- Provide adhoc independent advice and support during EPA Assessments.
- Be able to provide information regarding current and valid practice relating to the subject area
- Have sound knowledge of what is being taught to ensure it is safe and factual in a teaching context.
- Support the wider EPA team with knowledge and support on Subject/sector specific advice.

Essential Skills/ Experience/

-
- A Minimum of 3 years' current and continuous experience in the sector/subject area
- Sound IT and digital literacy
- Outstanding organisational and time management skills
-
- Flexible approach and willingness to travel when required
-
- Excellent communication and interpersonal skills including report writing

Desirable Skills/ Experience/ Qualifications

- Relevant subject, teaching and assessor qualifications
